EDUCATION

- **National Institute of Technology, Warangal** 2024
M.Sc. in Mathematics And Scientific Computing CGPA: 8
- **Deshbandhu College, University of Delhi** 2022
B.Sc. Honors in Mathematics CGPA: 9.025
- **B.S Memorial School** 2019
Central Board of Secondary Education Percentage: 90.2

PROJECTS

- **Movie Ticket Booking System** [Source Code](#) 
Developed a movie ticket booking system to facilitate the seamless purchase of tickets and the effective management of ticket details.
 - Tools & technologies used: Employed **C++ OOPS** and leveraged **File Handling** techniques for robust development
 - My project facilitating seamless ticket purchasing and enabling customers to easily access and manage ticket details.
 - Introduced an innovative feature that vividly depicts booking statuses; sold seats are distinctly highlighted in red, while available seats are presented in a striking green.
 - This color-coded system significantly enhances the user experience, resulting in a substantial 70% improvement in visibility and accessibility.
- **Titanic Survival Analysis** [Source Code](#) 
Titanic Dataset Analysis System providing insights into the factors influencing passenger survival during the Titanic tragedy.
 - Tools & technologies used: **Python** , **Jupyter Notebooks** , **Pandas** , **matplotlib**
 - Developed Titanic Dataset Analysis System using Python, Pandas, Matplotlib, Seaborn, and scikit-learn.
 - Enables users to explore survival patterns with intuitive visualizations, highlighting survivors in green and non-survivors in red.
 - Project structure includes Jupyter Notebooks for step-by-step analysis and a Visualizations directory for graphical summaries.
 - Enhances user experience by providing a seamless journey through data exploration, cleaning, visualization.

TECHNICAL SKILLS AND INTERESTS

Skills: Python , C++ , OOPs , DBMS , SQL , Machine Learning , Statistics

Coursework: Python C++ Data Structures and Algorithms Probability And Statistics

Hobbies: Volleyball Listening to Music

ACHIEVEMENTS

- **GFG** [Profile Link](#) 
under 100 Institute Rank on GeeksforGeeks and Solved more then 534 Problems on the platform.
- **LEETCODE** [Profile Link](#) 
Successfully solved more than 400 Data Structures problems on LeetCode.
- **JAM**
Achieved All India Rank 317 in the Joint Admission For Master's Examination.

INTERNSHIPS

- **DBMS Summer Internship** : Completed DBMS And Oops internship under CS department of NITW.
- **CODSOFT** : Completed 4 Week Online Virtual Internship program in C++ Programming Language.
